ABOUT ME

I'm a software engineer with fresh experience in developing web applications in firms and a few months of training in a variety of domains and tech-stacks. I have significant experience working with Javascript and related dependencies and frameworks such as ReactJS, jQuery, signalR framework and other JS libraries (typescript and NodeJs).

WORK EXPERIENCE

Software Engineer / High Tech Synergy

Start date: August, 2021 - November 2021

Roles: I had the primary roles to learn the codebase, attend design meetings and stand ups, write basic code, fix bugs, and other assist tasks.

Projects:

- SignalR chat messaging
- Front-end application builds with team leads
- Software testing
- SQL stored procedures and profiler use.

EDUCATION HISTORY AND QUALIFICATION

- **National Diploma** in Computer Science (OND) / Yaba College of Technology, Yaba, Lagos, Nigeria.

Course of study: Computer Science

Date: December 2019 - April 2022

Grade: Distinction (3.61)

- **West African Senior School Certificate** / Mivara Secondary School, Lagos, Nigeria.

Year: 2017
